Cookie Policy

In addition to IMI Ventures Singapore Pte Ltd's ("IMI Venture Studio") Privacy Notice available at the footer of IMI Venture Studio website this Cookies Policy explains how IMI Venture Studio uses cookies and similar technologies in their Sites to collect certain information about you. This document explains what these technologies are and why we use them, as well as your rights to control our use of them. IMI Venture Studio reserve the right to update and modify this Cookies Notice at any time and for any reason. You are encouraged to periodically review this document to stay informed of updates (please see the date at the end of this document for the most recent update).

1. What are cookies

Cookies are text files containing small amounts of information which are downloaded to your device when you visit a website device in order to remember information about you, such as your language preference or login information. Those cookies are set by us and called first party cookies.

We may also use third party cookies – which are cookies from a domain different than the domain of the website you are visiting – (such as Google Analytics) to track web statistics.

More specifically, we use cookies and other tracking technologies for the following purposes:
- Assisting you in navigation;
- Assisting in registration to our events, login, and your ability to provide feedback;
- Analyzing your use of our products, services or applications;
- Assisting with our promotional and marketing efforts (including behavioral advertising)

Session cookies are deleted automatically when you close your browser and persistent cookies remain on your device after the browser is closed (for example to remember your user preferences when you return to the site).

These cookies do not collect or store any personally identifiable information. You can refuse the use of cookies or you can opt-out of each cookie category (except strictly necessary cookies) by clicking on the "cookie settings" button.

2. The types of cookies we use

Below is a list of the main cookies we use on our Website and a brief explanation of their use. A complete list of IMI Venture Studio website cookies appears at at Appendix 1.

- Strictly necessary cookies

These cookies are essential in order to enable you to move around the website and use its features. Without these cookies, services you have asked for (such as navigating between pages) cannot be provided.

- Performance Cookies

These cookies collect information about how you use our website, for instance which pages users go to most often, and if they get error messages from web pages. It is only used to improve how the website works. We use Google Analytics and similar analytical tools which use performance cookies to provide us with information on how the website is performing and how you use the website.

- Functional Cookies

We make use of cookies to provide you with certain functionality. For example, to remember choices you make (such as your user name, language or the region you are in), or to recognise the platform from which you access the website, and to provide enhanced and more personal features. These cookies are not used to track your browsing on other websites.

- Targeting Cookies

These cookies may be set through our website by our advertising partners to record information about your visit and build a profile of your interests and show you relevant advertisements on other websites. These cookies record the pages you have visited, the links you have followed, the number of times you have seen any particular advertisement, the advertisements you have clicked on etc. If you do not allow these cookies, you will experience less targeted advertising. These cookies do not directly store personal information, but are based on uniquely identifying your browser and internet device.

- Other tracking technologies

In addition to the different types of cookies mentioned above, we may use other, similar technologies from time to time, like web beacons (sometimes called "tracking pixels" or "clear gifs"). These are tiny graphics files that contain a unique identifier that enable us to recognise when someone has visited our websites or opened an e-mail including them. This allows us, for example, to monitor the traffic patterns of users from one page within a website to another, to deliver or communicate with cookies, to understand whether you have come to the website from an online advertisement displayed on a third-party website, to improve website performance, and to measure the success of e-mail marketing campaigns. In many instances, these technologies are reliant on cookies to function properly, and so declining cookies will impair their functioning.

3. How to control or delete cookies

You can change your cookie preferences at any time by clicking "Cookies Settings" link. You can then adjust the available sliders to 'On' or 'Off', then clicking 'Save and close'. You may need to refresh your page for your settings to take effect.

Alternatively, most web browsers allow some control of most cookies through the browser settings. To find out more about cookies, including how to see what cookies have been set, visit www.aboutcookies.org or www.allaboutcookies.org.

- Google Chrome
- Microsoft Edge
- Mozilla Firefox
- Microsoft Internet Explorer
- Opera
- Apple Safari

To find information relating to other browsers, visit the browser developer's website.

To opt out of being tracked by Google Analytics across all websites, visit http://tools.google.com/dlpage/gaoptout.

4. Cookies policy does not cover third party websites

Please note that this Cookies Policy does not apply to, and we are not responsible for, the privacy practices of third-party websites which may be linked to or accessible through this website.

5. Changes to the Cookies policy

We may update this Cookies Policy and we would encourage you to review the policy from time to time to stay informed of how we are using cookies. This Cookies Policy was last updated in August 2024.

6. Contact us

Please see Section 13 of the Privacy Notice available at the footer of IMI Venture Studio website for our contact details.
